## SCHOOL REPORT

### REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Monroe School District:

The total registration in the Monroe schools has been 74 about the same as last year. The number actually in each school at date is as follows: The Plain Primary, Harriet Wilton, teacher, 19 pupils; The Plain Grammar, Gertrude Walker, teacher, 17 pupils; Placey School, Doris Stimson, teacher, 18 pupils; Bank School, Sarah Walker, teacher, 16 pupils.

After the Sargent family moved from the Pollard district only seven pupils were left in that school. November 12 the pupils were transported to the Plain where the upper floor of the town hall was fitted up for the four upper grades. In this way the number of pupils to a teacher is nearly equalized in the four schools and the division of the grades at the Plain gives opportunity for more efficient work.

The introduction of music into the schools, too, has been a step in advance. Mrs. Violet G. White of McIndoe Falls, formerly a student at the New England Conservatory of Music, has charge of this work and visits each school each week.

The interior of the school houses at the Plain and in the Harding district were painted and papered during vacation, making them quite attractive rooms. New single desks were put into the Bank school. The roof of the Town building leaks badly and should be re-covered next summer. The underpinning, too, is in

very bad condition. This school with its larger enrollment is badly in need of play ground room. Permission to use the vacant lot beside the schoolgrounds during the winter months has added much to the play opportunities of the village children.

Six children during the year 1927-28 had a record of perfect attendance—Norma Carter, Helena Mitchell, Theda Page, Arden Powers, and Marion Powers.

The pupils who completed grade eight in June were, Phillys Bedell, James Frazer, Theda Page, Stanley Powers, Kathleen Somers and Edward Woods. All except the last named entered McIndoe Academy in September. At present there are thirteen Monroe students attending the Academy.

The attendance record for 1927-28 was 94.37%, a fairly good record for country schools. The loss for bad weather, institutes, and holidays was 5.1 days. There were 173 tardinesses and 276 visits by parents and other citizens.

During the year there seems to be a distinct advance in material equipment, in the quality of the instruction, and in general progressivness.

Respectfuly submitted,

NORMAN J. PAGE
